## OFFICE · CARELINE

# SADDLE CHAIRS

## Global Stole offers a number of different saddle chairs

- **PINTO LUX**, with an exclusive look
- **MINI**, small size saddle
- **DALTON**, maxi size saddle
- **PINTO**, midi size saddle
- **JOLLY** with a V-cut saddle-front minimizing annoying pressure
- **GAMMA**, a comfortable, wide saddle

A saddle stool provides a good sitting comfort, enabling you to control the movement of the stool with your legs – while changing posture. When using a saddle stool you obtain a relaxed sitting posture with a straight spine, making it possible to sit longer without feeling tired in the body.

The saddles are available in polyurethane-foam or in upholstery/cold foam, and for some saddles you can choose our seating mechanism, "Easy seat", making it possible to adjust the seat-angle 12° forward and 5° backward.

# PINTO LUX

- Seating height: 52-71 cm
- Alternative seating height, low: 42-55 cm

# PILATES

## PILATES AIR SEAT

The Pilates air seat stool offers the same effect as the Pilates ball, as the seat consists of a ball cushion. It requires the body to “concentrate on sitting”, and thus it strengthens muscle groups in the back and lumbar region and keeps them active while you are sitting.

The seat ensures a healthy, strong back, as it trains the back musculature. The ball cushion is made of rubber and upholstered with fabric, such as imitation leather.

- Seat diameter: 33 cm
- Base, aluminium, ø500 mm
- Castors, ø65 mm, easy rolling, two with brake

### PILATES AIR SEAT

- Item no.: 45 2 288 12
